Operation Triangulation: The last (hardware) mystery

Operation Triangulation is the name given to spyware discovered on iPhone similar to Pegasus. Like Pegasus, the attacker just needs the victim's number, and like Pegasus, the spyware is a 0-click, zero-day attack, meaning it used unknown vulnerabilities to infect the victim without any action from him. Due to the complexity of the vulnerabilities used, Operation Triangulation have to be carried out by Apple itself or by a powerful organization such as a State.

U.S. Strikes Over 85 Targets at 7 Sites in Iraq and Syria Against Iran's Forces and Proxies

"Our response began today" declared Joe Biden. Indeed, after a drone attack that killed three American soldiers this week, the USA hit back at Iran-supported fighters in Syria and Iraq. They targeted over 85 spots to stop more attacks and keep civilians safe. About 18 militia fighters died.

A screen grab captured from a video showing the US begin to carry out a wave of airstrikes on.
